

February 2026

Bear Creek Services supports more than 100 individuals with disabilities through two core programs: Community Residential Services and Independent Living. Our residential program operates 11 homes, providing safe housing along with 24/7 staffing, transportation, medical coordination, and meaningful community integration.

Bear Creek Independent Living Services (BCILS) currently assists 59 individuals in the community. BCILS primarily focuses on developing the essential life skills individuals need to live independently outside of group homes. Due to increasing demand, BCILS currently has a long waitlist and significant potential for growth. Our goal is to expand this vital program through increased staffing and sustainable funding, allowing us to serve more individuals in our community.

We are seeking your support through our Wines of the World event, our largest fundraising event of 2026. Proceeds from this event directly support the continuation and expansion of our programs. As the longest-running provider of disability services in our community, we understand how critical it is to keep these programs strong, accessible, and responsive to growing needs.

If you are unable to sponsor the event, we would be grateful for your consideration of a financial donation or a contribution to our silent auction. Your support, in any form, makes a meaningful difference in the lives of the people we serve.

Thank you for your time and thoughtful consideration of this request. We truly appreciate your support for Bear Creek Services and our mission.

Sincerely,
